

THE CORAL PLANTERS

Together, let's plant the corals of tomorrow

BECOME A SUPPORTER OF THE OCEAN

WHO ARE WE ?

The Coral Planters is a non-profit organisation, recognized as being of general interest, founded in 2017.

The fragility of the reefs reminds us of the urgency of action; it is together that we have the capacity to preserve and restore them.

CORAL RESTORATION

Our mission is to sustainably restore marine ecosystems by actively planting new coral reefs in fragile and degraded areas of the ocean, in close collaboration with committed local partners and our marine biology experts.

AWARENESS

Our mission is to raise awareness among young people generations in schools through our Edu'Coral educational program, and we meet the general public at events, in order to encourage reflection and engagement around the issues of ocean preservation.

Show that you are investing in **measurable and transparent actions**.

- 🌿 Coral reef restoration
- 🌿 Awareness

GAIN VISIBILITY AND NOTORIETY

Highlight your commitment. Associate your brand with a meaningful cause that speaks to your employees and customers.

TOGETHER, LET'S EMBODY YOUR ENVIRONMENTAL VALUES

OUR PATRONAGE PROGRAMS

PLANULAE PROGRAM

A concrete first step for companies wishing to initiate marine protection action with a measurable impact.

From 50 to 250 planted corals
€30 per coral

- Partnership Agreement
- Issuance of tax receipt
- Access to the Communication Kit (photos, videos, articles)
- Coral adoption certificate
- Photos of corals planted every 6 months

POLYPS PROGRAM

A strengthened commitment for companies wishing to expand their impact and support a structuring program.

+ 250 and 500 planted corals
€25 per coral

- All the benefits from the PLANULA PROGRAM
- Organization of a conference about coral reef restoration at your local venue or online
- Dedicated company page on our website
- Social media posts

CORAL MASTER PROGRAM

A major opportunity for companies that want to become key drivers of a high-impact project and co-develop its foundations.

+ €20.000 budget

In this program, contribute financially to the launch of a major project: the opening of a new coral reef restoration site.
